RE: Notice of Adverse Benefit Determination

Dear Jordan Sample,

We reviewed a request for coverage of the following service:

MRI of the lumbar spine (lower back) without contrast, scheduled for November 20, 2026 at Example Imaging Center.

> **Decision: Denied.**

Why we made this decision

Prior authorization was not received. Your plan requires prior authorization for advanced imaging (MRI, CT and PET scans). We have no authorization request on file from the ordering provider for this service. This decision is not a judgment about whether the service is right for you.

What can happen next

Your provider may submit a prior authorization request with supporting clinical information. If the request is approved, the service can be covered under your plan.

Your right to appeal

If you disagree with this decision, you or someone you authorize may file an appeal. You have 180 days from the date you receive this notice to file an appeal. Call the Appeals Unit at (479) 555-0143, or write to Appeals Unit, Sample Health Plan, PO Box 0001, Example City, AR 00000.

If waiting for a standard decision could seriously jeopardize your life, health or ability to regain maximum function, you may ask for an expedited appeal by calling (479) 555-0144.

Sincerely,
Utilization Management Department
